

Information that engages the next generation

Did you know that our country India has a special animal that represents the strength and beauty of the country? It's the TIGER!

The tiger is a symbol of pride for India. Just like superheroes, the tiger is strong, graceful, and super agile. It's like the superhero of the animal kingdom!

India is Tiger Central Reserve! India is home for tigers! As of 2023, India has over 75% of the global tiger population, with around 3,167 tigers.

Tigers have their favorite spots to hang out, just like you have your favorite play areas. In India, the top states where tigers love to chill are Madhya Pradesh, Karnataka, and Uttarakhand. These places have lots of cool areas called protected areas and national parks. It's like their own playground where they can roam freely!

TIGERS & INDIA!

Let's Be Tiger Protectors!

Now, here's the important part – we need to be superheroes to protect our tigers! We should all work together to keep our tiger friends safe and happy. That means taking care of their homes and making sure they have enough space to play and find food. So, let's join forces and make sure our tiger friends have a super cool and sustainable future.

TIGERS FOUND IN CAUVERY NORTH WILDLIFE SANCTUARY AFTER 50 YEARS

FUN FACTS

Tigers are the largest among all cat species.

Tigers can grow up to 11 feet long and weigh around 300 kilograms.

In the wild, tigers typically live for 10-15 years, but in captivity, they can reach up to 20 years.

Tigers are skilled swimmers, covering up to 6 kilometres without a break.

Tigers can run at speeds of 49-65 km/h and leap up to 10 meters.

A tiger's night vision is six times stronger than that of humans.

The roar of a tiger can be heard from over a mile away!

INDIAN RAILWAYS

Indian Railways embarked on its remarkable journey over 160 years ago, starting its magical odyssey on April 16, 1853. The first passenger train was operated by 3 locomotives - Sahib, Sultan, and Sindh, travelled from Bori Bunder to Thane, covering 34 km. This marked the beginning of a colorful and exciting adventure on the vibrant railway network in India.

TRANSPORTATION TRIVIA

What is the largest railway network in the world?

-Indian Railways

Which is the longest national highway in India?

-NH 44
(Jammu & Kashmir to Kanyakumari)

Which is the busiest airport in India in terms of passenger traffic?

-Indira Gandhi International Airport

In which year did the first train steam off in India?

-April 16, 1853

DISCOVER DIFFERENT MODES OF TRANSPORTATION

Transportation is like a magical journey that helps us explore the world around us. Let's dive into the four exciting modes of transportation:

Railways

The rhythmic clatter of wheels on tracks signifies the railways, the second-fastest means of transport.

Airways

Soaring in the clouds, air travel is truly remarkable. From helicopters to speedy rockets, the airways take us on the fastest adventures above the world.

Roadways

On land, the most common mode of transport is through roadways, connecting us to different places. From cycles and cars to buses and trucks, roadways offer a variety of vehicles for our daily adventures.

Waterways

Ever wondered how we traverse vast oceans and gentle rivers? Waterways hold the answer! With ships, sailboats, yachts, and even submarines, we can glide on the water's surface, exploring the wonders beneath while enjoying the gentle waves.

WORD INTRODUCTION

Compartment

Pronunciation- kuhm ·paat ·muhnt

Meaning: A separate division or section.

Passenger

Pronunciation- pa.suhn.juh

Meaning: A traveller on a public or private transport.

COLOR ME

HOW TO DRAW A TIGER IN EASY STEPS!

Step 1: Head and ears - You draw a circle and two triangular ears

Step 2: Draw an elongated oval beside the head

Step 3: Draw an egg-shaped body leaving some space

Step 4: Join the head and the ovals. Extend it beyond the shapes to look like a tail.

Step 5: Draw two circles and join them using lines

Step 6: Similarly complete the other front leg

Step 7: Complete the other two legs as well

Step 8: Draw the lines connecting the ovals as shown in the pic to complete the body

Step 9: Outline legs and paws as shown in the pic above

Step 10: Add the eyes, mouth and nose to the tiger's face.

Color it to make it colorful
